(3) For twenty-four months after the conclusion of employment or service, no former public official or employee who personally participated as a public official or employee through decision, approval, disapproval, recommendation, the rendering of advice, the development or adoption of solid waste management plans, investigation, inspection, or other substantial exercise of administrative discretion under Chapter 343. or 3734. of the Revised Code shall represent a person who is the owner or operator of a facility, as defined in section 3734.01 of the Revised Code, or who is an applicant for a permit or license for a facility under that chapter, on any matter in which the public official or employee personally participated as a public official or employee.

(5) As used in divisions (A)(1), (2), and (3) of this section, "matter" includes any case, proceeding, application, determination, issue, or question, but does not include the proposal, consideration, or enactment of statutes, rules, ordinances, resolutions, or charter or constitutional amendments. (7) Division (A) of this section shall not be construed to prohibit the performance of ministerial functions, including, but not limited to, the filing or amendment of tax returns, applications for permits and licenses, incorporation papers, and other similar documents.

(8) Division (A) of this section does not prohibit a nonelected public official or employee of a state agency, as defined in section 1.60 of the Revised Code, from becoming a public official or employee of another state agency. Division (A) of this section does not prohibit such an official or employee from representing or acting in a representative capacity for the official's or employee's new state agency on any matter in which the public official or employee personally participated as a public official or employee at the official's or employee's former state agency. (10) No present or former Ohio casino control commission official shall, during public service or for two years thereafter, represent a client, be employed or compensated by a person regulated by the commission, or act in a representative capacity for any person on any matter before or concerning the commission.

No present or former commission employee shall, during public employment or for two years thereafter, represent a client or act in a representative capacity on any matter in which the employee personally participated as a commission employee through decision, approval, disapproval, recommendation, the rendering of advice, investigation, or other substantial exercise of administrative discretion.

(B) No present or former public official or employee shall disclose or use, without appropriate authorization, any information acquired by the public official or employee in the course of the public official's or employee's official duties that is confidential because of statutory provisions, or that has been clearly designated to the public official or employee as confidential when that confidential designation is warranted because of the status of the proceedings or the circumstances under which the information was received and preserving its confidentiality is necessary to the proper conduct of government business.

(C) No public official or employee shall participate within the scope of duties as a public official or employee, except through ministerial functions as defined in division (A) of this section, in any license or rate-making proceeding that directly affects the license or rates of any person, partnership, trust, business trust, corporation, or association in which the public official or employee or immediate family owns or controls more than five per cent. No public official or employee shall

participate within the scope of duties as a public official or employee, except through ministerial functions as defined in division (A) of this section, in any license or rate-making proceeding that directly affects the license or rates of any person to whom the public official or employee or immediate family, or a partnership, trust, business trust, corporation, or association of which the public official or employee or the public official's or employee's immediate family owns or controls more than five per cent, has sold goods or services totaling more than one thousand dollars during the preceding year, unless the public official or employee has filed a written statement acknowledging that sale with the clerk or secretary of the public agency and the statement is entered in any public record of the agency's proceedings. This division shall not be construed to require the disclosure of clients of attorneys or persons licensed under section 4732.12 of the Revised Code, or patients of persons licensed under section 4731.14 of the Revised Code.

(D) No public official or employee shall use or authorize the use of the authority or influence of office or employment to secure anything of value or the promise or offer of anything of value that is of such a character as to manifest a substantial and improper influence upon the public official or employee with respect to that person's duties.

(E) No public official or employee shall solicit or accept anything of value that is of such a character as to manifest a substantial and improper influence upon the public official or employee with respect to that person's duties.

(F) No person shall promise or give to a public official or employee anything of value that is of such a character as to manifest a substantial and improper influence upon the public official or employee with respect to that person's duties.

(G) In the absence of bribery or another offense under the Revised Code or a purpose to defraud, contributions made to a campaign committee, political party, legislative campaign fund, political action committee, or political contributing entity on behalf of an elected public officer or other public official or employee who seeks elective office shall be considered to accrue ordinarily to the public official or employee for the purposes of divisions (D), (E), and (F) of this section.

As used in this division, "contributions," "campaign committee," "political party," "legislative campaign fund," "political action committee," and "political contributing entity" have the same

meanings as in section 3517.01 of the Revised Code.

(H)(1) No public official or employee, except for the president or other chief administrative officer of or a member of a board of trustees of a state institution of higher education as defined in section 3345.011 of the Revised Code, who is required to file a financial disclosure statement under section 102.02 of the Revised Code shall solicit or accept, and no person shall give to that public official or employee, an honorarium. Except as provided in division (H)(2) of this section, this division and divisions (D), (E), and (F) of this section do not prohibit a public official or employee who is required to file a financial disclosure statement under section 102.02 of the Revised Code from accepting and do not prohibit a person from giving to that public official or employee the payment of actual travel expenses, including any expenses incurred in connection with the travel for lodging, and meals, food, and beverages provided to the public official or employee at a meeting at which the public official or employee participates in a panel, seminar, or speaking engagement or provided to the public official or employee at a meeting or convention of a national organization to which any state agency, including, but not limited to, any state legislative agency or state institution of higher education as defined in section 3345.011 of the Revised Code, pays membership dues. Except as provided in division (H)(2) of this section, this division and divisions (D), (E), and (F) of this section do not prohibit a public official or employee who is not required to file a financial disclosure statement under section 102.02 of the Revised Code from accepting and do not prohibit a person from promising or giving to that public official or employee an honorarium or the payment of travel, meal, and lodging expenses if the honorarium, expenses, or both were paid in recognition of demonstrable business, professional, or esthetic interests of the public official or employee that exist apart from public office or employment, including, but not limited to, such a demonstrable interest in public speaking and were not paid by any person or other entity, or by any representative or association of those persons or entities, that is regulated by, doing business with, or seeking to do business with the department, division, institution, board, commission, authority, bureau, or other instrumentality of the governmental entity with which the public official or employee serves.

(2) No person who is a member of the board of a state retirement system, a state retirement system investment officer, or an employee of a state retirement system whose position involves substantial and material exercise of discretion in the investment of retirement system funds shall solicit or accept, and no person shall give to that board member, officer, or employee, payment of actual travel expenses, including expenses incurred with the travel for lodging, meals, food, and beverages.

(I) A public official or employee may accept travel, meals, and lodging or expenses or reimbursement of expenses for travel, meals, and lodging in connection with conferences, seminars, and similar events related to official duties if the travel, meals, and lodging, expenses, or reimbursement is not of such a character as to manifest a substantial and improper influence upon the public official or employee with respect to that person's duties. The house of representatives and senate, in their code of ethics, and the Ohio ethics commission, under section 111.15 of the Revised Code, may adopt rules setting standards and conditions for the furnishing and acceptance of such travel, meals, and lodging, expenses, or reimbursement.

A person who acts in compliance with this division and any applicable rules adopted under it, or any applicable, similar rules adopted by the supreme court governing judicial officers and employees, does not violate division (D), (E), or (F) of this section. This division does not preclude any person from seeking an advisory opinion from the appropriate ethics commission under section 102.08 of the Revised Code.

(J) For purposes of divisions (D), (E), and (F) of this section, the membership of a public official or employee in an organization shall not be considered, in and of itself, to be of such a character as to manifest a substantial and improper influence on the public official or employee with respect to that person's duties. As used in this division, "organization" means a church or a religious, benevolent, fraternal, or professional organization that is tax exempt under subsection 501(a) and described in subsection 501(c)(3), (4), (8), (10), or (19) of the "Internal Revenue Code of 1986." This division does not apply to a public official or employee who is an employee of an organization, serves as a trustee, director, or officer of an organization, or otherwise holds a fiduciary relationship with an organization. This division does not allow a public official or employee who is a member of an organization to participate, formally or informally, in deliberations, discussions, or voting on a matter or to use the public official's or employee's official position with regard to the interests of the organization on the matter if the public official or employee has assumed a particular responsibility in the organization with respect to the matter or if the matter would affect that person's personal, pecuniary interests.

(K) It is not a violation of this section for a prosecuting attorney to appoint assistants and employees in accordance with division (B) of section 309.06 and section 2921.421 of the Revised Code, for a

chief legal officer of a municipal corporation or an official designated as prosecutor in a municipal corporation to appoint assistants and employees in accordance with sections 733.621 and 2921.421 of the Revised Code, for a township law director appointed under section 504.15 of the Revised Code to appoint assistants and employees in accordance with sections 504.151 and 2921.421 of the Revised Code, or for a coroner to appoint assistants and employees in accordance with division (B) of section 313.05 of the Revised Code.

As used in this division, "chief legal officer" has the same meaning as in section 733.621 of the Revised Code.

(L) No present public official or employee with a casino gaming regulatory function shall indirectly invest, by way of an entity the public official or employee has an ownership interest or control in, or directly invest in a casino operator, management company, holding company, casino facility, or gaming-related vendor. No present public official or employee with a casino gaming regulatory function shall directly or indirectly have a financial interest in, have an ownership interest in, be the creditor or hold a debt instrument issued by, or have an interest in a contractual or service relationship with a casino operator, management company, holding company, casino facility, or gaming-related vendor. This section does not prohibit or limit permitted passive investing by the public official or employee.

As used in this division, "passive investing" means investment by the public official or employee by means of a mutual fund in which the public official or employee has no control of the investments or investment decisions. "Casino operator," "holding company," "management company," "casino facility," and "gaming-related vendor" have the same meanings as in section 3772.01 of the Revised Code.

(M) A member of the Ohio casino control commission, the executive director of the commission, or an employee of the commission shall not:

In this section

State construction contractor drug-free guidelines

State construction contractor drug-free guidelines

Ohio law states that **all employers** who bid or work on state construction projects must have a drug-free workplace program no matter how many employees they have. This applies to contractors and all levels of subcontractors who want to:

- Work on a State of Ohio construction project
- Bid on and/or provide labor services
- Supervise workers on state construction sites

Eligibility requirements to bid or work on state construction jobs

To be eligible as an employer to bid or work on state construction jobs, you must:

- Establish and maintain an active Ohio workers' compensation policy and be in good standing
- Apply for and meet the requirements of our Substance Use Prevention and Recovery (SUPR) Program Basic level, Advanced level, or Comparable level
- Report progress to us on an annual report and provide supporting documentation

Note: Employers participating at the SUPR Basic level may be eligible for a 4% **premium bonus** if they satisfy all program requirements. Employers participating at the SUPR Advanced level may be eligible for a 7% **premium bonus** if they satisfy all program requirements.

State construction contractor look-up

We maintain a database of contractors and subcontractors approved to bid and work on state construction or public improvement projects.

State contracting authorities will not allow a contractor or a subcontractor to bid or work on a public improvement project unless our [state construction contractor look-up](#) lists the contractor or subcontractor as approved.

Ensuring contractors' subcontractors are approved

If you're a contractor bringing a lower-tier subcontractor onto a state construction project, you have the same requirement to verify the subcontractor has a drug-free program approved by us.

If contractors do not comply with this requirement, the state considers them in breach of their contracts and may bar contractors/subcontractors from bidding on or working on state projects for up to five years.

Contractors may use the [state construction contractor look-up](#) to verify a subcontractor's drug-free program.

State construction sites and random drug testing

All employees and supervisors on state construction sites are subject to random drug testing. The contract for each project will specify the percentage of employees subject to random testing. However, state contracting authorities have agreed to test 5% of the total workers' pool on each state project over the lifetime of each project.

How to apply for SUPR Basic level, Advanced level, Comparable level

1. Complete an [Application for the Substance Use Prevention and Recovery program \(U-140\)](#)
2. Check the box on the application to request the level of participation. SUPR may be right for you if:
 - You want a premium bonus for successfully completing the program
 - You're willing to exceed the minimum requirements to bid or work on state construction jobs
3. Check the box on the application to request comparable participation. The comparable program may be right for you if:
 - You only want to fulfill the minimum requirements needed to bid or work on state construction jobs
 - You're a self-insuring employer. The comparable program is the only option for self-insuring employers
4. Check "Yes" to be placed on our State of Ohio construction contractor/subcontractor database.

SUPR program requirements

The Basic and Advanced levels have more requirements, but successful participants may get a premium bonus for an unlimited number of years and may be eligible for reimbursement for policy review/development, employee and supervisor education, drug testing, and substance use assessments. Comparable program participants do not receive premium bonuses. However, participating in SUPR at the Comparable level makes you eligible to bid and work on state construction sites and receive reimbursements for completed activities. See the [Substance Use Prevention and Recovery program requirements page](#) for detailed program requirements.

Ohio Revised Code

Section 153.03 Contracts to require drug-free workplace program.

Effective: September 29, 2011

Legislation: House Bill 153 - 129th General Assembly

(A) As used in this section:

- (1) "Contracting authority" means any state agency or other state instrumentality that is authorized to award a public improvement contract.
- (2) "Bidder" means a person who submits a bid to a contracting authority to perform work under a public improvement contract.
- (3) "Contractor" means any person with whom a contracting authority has entered into a public improvement contract to provide labor for a public improvement and includes a construction manager at risk and a design-build firm.
- (4) "Subcontractor" means any person who undertakes to provide any part of the labor on the site of a public improvement under a contract with any person other than the contracting authority, including all such persons in any tier.
- (5) "Construction manager" has the same meaning as in section 9.33 of the Revised Code.
- (6) "Construction manager at risk" has the same meaning as in section 9.33 of the Revised Code.
- (7) "Design-build firm" has the same meaning as in section 153.65 of the Revised Code.
- (8) "Labor" means any activity performed by a person that contributes to the direct installation of a product, component, or system, or that contributes to the direct removal of a product, component, or system.
- (9) "Public improvement contract" means any contract that is financed in whole or in part with money appropriated by the general assembly, or that is financed in any manner by a contracting

authority, and that is awarded by a contracting authority for the construction, alteration, or repair of any public building, public highway, or other public improvement.

(10) "State agency" means every organized body, office, or agency established by the laws of this state for the exercise of any function of state government.

(B) A contracting authority shall not award a public improvement contract to a bidder, and a construction manager at risk or design-build firm shall not award a subcontract, unless the contract or subcontract contains both of the following:

(1) The statements described in division (E) of this section;

(2) Terms that require the contractor or subcontractor to be enrolled in and be in good standing in the drug-free workplace program of the bureau of workers' compensation or a comparable program approved by the bureau that requires an employer to do all of the following:

(a) Develop, implement, and provide to all employees a written substance use policy that conveys full and fair disclosure of the employer's expectations that no employee be at work with alcohol or drugs in the employee's system, and specifies the consequences for violating the policy.

(b) Conduct drug and alcohol tests on employees in accordance with division (B)(2)(c) of this section and under the following conditions:

(i) Prior to an individual's employment or during an employee's probationary period for employment, which shall not exceed one hundred twenty days after the probationary period begins;

(ii) At random intervals while an employee provides labor or on-site supervision of labor for a public improvement contract. The employer shall use the neutral selection procedures required by the United States department of transportation to determine which employees to test and when to test those employees.

(iii) After an accident at the site where labor is being performed pursuant to a public improvement contract. For purposes of this division, "accident" has the meaning established in rules the

administrator of workers' compensation adopts pursuant to Chapters 4121. and 4123. of the Revised Code for the bureau's drug-free workplace program, as those rules exist on March 30, 2007.

(iv) When the employer, construction manager, construction manager at risk, or design-build firm has reasonable suspicion that prior to an accident an employee may be in violation of the employer's written substance use policy. For purposes of this division, "reasonable suspicion" has the meaning established in rules the administrator adopts pursuant to Chapters 4121. and 4123. of the Revised Code for the bureau's drug-free workplace program, as those rules exist on March 30, 2007.

(v) Prior to an employee returning to a work site to provide labor for a public improvement contract after the employee tested positive for drugs or alcohol, and again after the employee returns to that site to provide labor under that contract, as required by either the employer, construction manager, construction manager at risk, design-build firm, or conditions in the contract.

(c) Use the following types of tests when conducting a test on an employee under the conditions described in division (B)(2)(b) of this section:

(i) Drug and alcohol testing that uses the federal testing model that the administrator has incorporated into the bureau's drug-free workplace program;

(ii) Testing to determine whether the concentration of alcohol on an employee's breath is equal to or in excess of the level specified in division (A)(1)(d) or (h) of section 4511.19 of the Revised Code, which is obtained through an evidentiary breath test conducted by a breath alcohol technician using breath testing equipment that meets standards established by the United States department of transportation, or, if such technician and equipment are unavailable, a blood test may be used to determine whether the concentration of alcohol in an employee's blood is equal to or in excess of the level specified in division (A)(1)(b) or (f) of section 4511.19 of the Revised Code.

(d) Require all employees to receive at least one hour of training that increases awareness of and attempts to deter substance abuse and supplies information about employee assistance to deal with substance abuse problems, and require all supervisors to receive one additional hour of training in skill building to teach a supervisor how to observe and document employee behavior and intervene

when reasonable suspicion exists of substance use;

(e) Require all supervisors and employees to receive the training described in division (B)(2)(d) of this section before work for a public improvement contract commences or during the term of a public improvement contract;

(f) Require that the training described in division (B)(2)(d) of this section be provided using material prepared by an individual who has credentials or experience in substance abuse training;

(g) Assist employees by providing, at a minimum, a list of community resources from which an employee may obtain help with substance abuse problems, except that this requirement does not preclude an employer from having a policy that allows an employer to terminate an employee's employment the first time the employee tests positive for drugs or alcohol or if an employee refuses to be tested for drugs, alcohol, or both.

(C) Any time the United States department of health and human services changes the federal testing model that the administrator has incorporated into the bureau's drug-free workplace program in a manner that allows additional or new products, protocols, procedures, and standards in the model, the administrator may adopt rules establishing standards to allow employers to use those additional or new products, protocols, procedures, or standards to satisfy the requirements of division (B)(2)(c) of this section, and the bureau may approve an employer's drug-free workplace program that meets the administrator's standards and the other requirements specified in division (B)(2) of this section.

(D) A contracting authority shall ensure that money appropriated by the general assembly for the contracting authority's public improvement contract or, in the case of a state institution of higher education, the institution's financing for the public improvement contract, is not expended unless the contractor for that contract is enrolled in and in good standing in a drug-free workplace program described in division (B) of this section. Prior to awarding a contract to a bidder, a contracting authority shall verify that the bidder is enrolled in and in good standing in such a program.

(E) A contracting authority shall include all of the following statements in the public improvement contract entered into between the contracting authority and a contractor for the public improvement:

- (1) "Each contractor shall require all subcontractors with whom the contractor is in contract for the public improvement to be enrolled in and be in good standing in the Bureau of Workers' Compensation's Drug-Free Workplace Program or a comparable program approved by the Bureau that meets the requirements specified in section 153.03 of the Revised Code prior to a subcontractor providing labor at the project site of the public improvement."
- (2) "Each subcontractor shall require all lower-tier subcontractors with whom the subcontractor is in contract for the public improvement to be enrolled in and be in good standing in the Bureau of Workers' Compensation's Drug-Free Workplace Program or a comparable program approved by the Bureau that meets the requirements specified in section 153.03 of the Revised Code prior to a lower-tier subcontractor providing labor at the project site of the public improvement."
- (3) "Failure of a contractor to require a subcontractor to be enrolled in and be in good standing in the Bureau of Workers' Compensation's Drug-Free Workplace Program or a comparable program approved by the Bureau that meets the requirements specified in section 153.03 of the Revised Code prior to the time that the subcontractor provides labor at the project site will result in the contractor being found in breach of the contract and that breach shall be used in the responsibility analysis of that contractor or the subcontractor who was not enrolled in a program for future contracts with the state for five years after the date of the breach."
- (4) "Failure of a subcontractor to require a lower-tier subcontractor to be enrolled in and be in good standing in the Bureau of Workers' Compensation's Drug-Free Workplace Program or a comparable program approved by the Bureau that meets the requirements specified in section 153.03 of the Revised Code prior to the time that the lower-tier subcontractor provides labor at the project site will result in the subcontractor being found in breach of the contract and that breach shall be used in the responsibility analysis of that subcontractor or the lower-tier subcontractor who was not enrolled in a program for future contracts with the state for five years after the date of the breach."
- (F) In the event a construction manager, construction manager at risk, or design-build firm intends and is authorized to provide labor for a public improvement contract, a contracting authority shall verify, prior to awarding a contract for construction management services or design-build services, that the construction manager, construction manager at risk, or design-build firm was enrolled in and in good standing in a drug-free workplace program described in division (B) of this section

prior to entering into the public improvement contract. The bidder's failure to complete and submit these forms as a part of its bid response, including providing the required Certificate of Compliance, election of one of the two Bidder's Affirmative Action Requirements, adoption of the Bidder's EEO Covenants, and completion of the Bidder's Certification may cause the bidder's proposal to be rejected as being non-responsive to the State's Equal Employment Opportunity Requirements and in non-compliance with the State Equal Employment Opportunity Bid Conditions.

Should there be any questions regarding the use, meaning, or completion of any portion of these forms, the best answers can be received from the Equal Opportunity Division at 30 East Broad Street, 18th Floor, Columbus, Ohio, 43266-0408. Phone: (614) 466-8380.

31. **Unbalanced Bids.** Section 102.08 of the Construction and Material Specifications provides for the disqualification of a bidder with obviously unbalanced bid prices. Generally, mathematically unbalanced bid prices are those that do not reasonably reflect the cost of the item bid, inclusive of labor, profit, overheads and material costs. Some examples of a mathematically unbalanced bid are "front-end loading" and "covering" (moving money from one item to another). By NOTICE, all bidders have been advised to bid at least the cost of the materials for every item bid. To do otherwise is to risk the rejection of your bid proposal on the grounds of unbalancing bid prices. Further, all bidders are advised that rejection of your bid proposal will result if the Pike County Engineer determines that the bid prices submitted are "materially unbalanced". A bid is materially unbalanced if there is a reasonable doubt that award to the bidder submitting the mathematically unbalanced bid will result in the lowest ultimate cost to Pike County.

32. Road closure will be allowed for this project. All contract work must be completed no later than **November 30, 2026**. The contractor is to provide road closure and detour signing as per the project plans. The cost of the road closure shall be included in the Lump Sum Bid Amounts for Item 614, Maintaining Traffic and Item 614, Detour Signing.
33. 34. Experience Statement. Prior to the start of construction of this project, the contractor shall submit evidence of its experiences on projects of similar size and complexity.
35. The successful contractor for this project shall be responsible for compliance with the State of Ohio's Public Employment Risk Reduction Program including conformance with all State and Federal OSHA Health and Safety Regulations. The contractor shall hold Pike County and the Pike County Engineer harmless in the event the contractor should fail to comply with said regulations.

The referenced certification must be completed and submitted to Pike County by the successful bidder in order for their bid to be considered for award of a construction contract by Pike County.

The referenced certification statement must be completed and submitted to Pike County by the successful bidder in order for their bid to be considered for award of a construction contract by Pike County.
39. Equal Employment Opportunity- All contractors and sub-contractors involved with this project will not discriminate against any employee or applicant for employment because of race, religion, color, sex, national origin, disability, age, veteran status, or ancestry. All contractors and subcontractors involved with this project shall ensure that applicants for employment are considered for employment and that employees are treated during employment, without regard to their race, religion, color, sex, national origin, disability, age, veteran status, or ancestry. All contractors and subcontractors involved with this project will require all of their subcontractors for any part of the work to incorporate these requirements in all subcontracts for such work.

40. Reference Ohio Revised Code Section 153.03 and the document entitled, "Ohio law requires a Drug-free program for all state construction projects" both of which are included with this bid package. Evidence of compliance as defined by the State of Ohio must be submitted by the successful bidder for this project in order for their bid to be considered for award of a construction contract by Pike County.

Additionally, evidence of compliance as defined by the State of Ohio must be submitted by any subcontractor to be utilized on the project before said subcontractor does any work on this project.

41. Reference the document entitled "Affidavit" and Ohio Revised Code Sections 102.03, representation by present or former public official or employee prohibited, and 102.04, no compensation to elected or appointed State official other than from agency served which are included with this bid package. The referenced affidavit must be completed and submitted to Pike County by the successful bidder in order for their bid to be considered for award of a construction contract by Pike County.

Additionally, the referenced Affidavit must be completed and submitted to Pike County by any subcontractor to be utilized on the project before said subcontractor does any work on this project.
