

PUBLIC ANNOUNCEMENT

The Pike County Engineer and the Board of Pike County Commissioners intend to contract for Structure and Roadway Plan Preparation Services, Right-of-Way Plan Preparation Services and Geotechnical Services in connection with the Meadow Run Road Bridge Replacement Project, Bridge No. PIK-CR54-04.38.

Engineering firms interested in being considered for a contract to provide the required services should reply with a statement of qualifications no later than 11:30 A.M. on Wednesday, December 31, 2025. Statements received after this deadline will not be considered.

The following factors will be used by the Pike County Engineer to evaluate each statement of qualifications. Please respond only to the questions listed. We request that you do not send additional forms, brochures, or similar material.

1. List the type of work for which your firm is currently prequalified by the Ohio Department of Transportation.
2. Give location of the office where a majority of the work is to be performed and the distance in miles to the site.
3. Detail the project staffing of the office noted in Item #2, broken down by the number of :
 - a. Professional Engineers
 - b. Technicians
 - c. Other Specialists

Also indicate the number of such personnel available for assignment to this project.

4. List the project manager(s). Attach resume(s).
5. List the experience of your firm's personnel on similar projects.
6. Provide a representative listing of projects similar to the proposed project performed by your firm. Include number of years your firm has been in business.
7. List your firm's present workload. Please specify the dollar value of PRESENT OUTSTANDING fee agreements.
8. Provide references.
9. Provide a brief description of your firm's equipment and facilities.

Statements of qualifications should be transmitted to John C. Slone, P.E., P.S., Pike County Engineer, 502 Pike Street, Waverly, Ohio 45690.

As required by Ohio Revised Code, Section 153.65-71, responding firms will be evaluated and ranked in order based upon their qualifications. Following this evaluation, the Pike County Engineer will enter into contract negotiations with the most highly rated firm.
